

STAINLESS STEEL STRAINER BASKET MALE BSP

Stainless steel strainer basket male BSP for water networks, water distribution, clean and waste water, glycol solution (max 30%).

1.1 mm mesh up to DN2", 1.6 mm over.

Size : DN3/8" to DN4"

Connection : Male BSP

Min Temperature : +0°C

Max Temperature : +150°C

Specifications : All stainless steel
Cylindrical threading

Materials : AISI 316

STAINLESS STEEL STRAINER BASKET MALE BSP**SPECIFICATIONS :**

- Stainless steel threading
- Male BSP ends

USE :

- For water networks, water distribution, clean and waste water, glycol solution (max 30%)
- Min and max Temperature Ts : + 0°C to +150°C

RANGE :

- BSP male threaded, all stainless steel from DN 3/8" to DN 4" **Ref.391**

MATERIALS :

Item	Designation	Materials
1	Threading	AISI 316
2	Mesh	AISI 316
